

Around the world in a day

ERIC REGO

Aditya Birla World Academy recently celebrated their pre-primary annual concert titled 'Around the World' in the school auditorium.

The kindergarten students took the audience on the most enjoyable journey around the world. The children charmed the audience with every act. The dramatic journey began after checking of the 'boarding passes' of passengers and then asking them to fasten their seat belts. When the curtains were raised and the show began, students introduced the audience to the royal family of Janakpur. The king and queen shared the news from around the world with their children, who were dismal about the depressing happenings. To show children that all was not lost, the king decided to take his family on a world tour and introduce

Students tap their feet to a western number

them to diverse cultures. His intention was to remind children that peace and harmony can prevail and that people can co-exist happily. In the annual day, the Janakpur family travelled to different continents visiting India, China, Mexico, Africa and Saudi Arabia. A warm welcome was extended to them by the natives of each country. The royal family's itinerary exposed the audience to the traditions of communities around the world. It made the royal princes and princesses realise that there is goodness in the

Children stage a play to entertain audience

world and people prefer peace over war. The script was interspersed with short folk tales and cultural dances. The colourful costumes and backdrops added to the glamour and magic of the evening.

The little charmers from the pre-primary section, who performed with confidence and poise, were the show stealers of the event. A sense of pride and happiness could be seen on the faces of the parents. On the occasion, Pooja Gupta, a parent, said, "The show put up by the pre-primary kids was fabulous! It was amazing to see the tiny tots perform with such ease. This was the cutest and the most colourful trip we parents, had taken around the world."

"The event was truly an amazing one, we are so fortunate to have such a talented, and committed team that nurtures our little ones as they step into their school life," said principal Radhika Sinha.
