

# Tribute to grandparents

**A**ditya Birla World Academy recently celebrated 'Grandparents day' in school. The grandparents were welcomed with a tika. To remind them of their childhood, each class of junior school put up performances such drama, dances, and acrobatic shows to entertain the guests and take them back to their wonder years. The grandchildren expressed their appreciation for the values that the grandparents have instilled in them in the form of poems, appreciative write ups and one-liners.

It was a unique

moment of sharing between grandparents and grand children that brought forth emotions that were so intense and heart touching that there was not a single dry eye left in the audience.

**Students organise entertaining programmes for grandparents**
