

THE ADITYA BIRLA WORLD ACADEMY

A positive and happy environment is maintained for children to "learn, achieve, inspire".

students organize and manage this mega event incorporating a Dance Marathon and Art Auction to raise funds for service to the community.

- Community Service, a priority, is in sync with the philosophical ethos of instilling the sensitivity to give back to the community. Each student is involved in challenging, purposeful and enjoyable Community Service Projects with significant outcomes. Senior school students engage in a village partnership under the aegis of Swades.

A positive world to learn, achieve and inspire

The Aditya Birla World Academy offers globally benchmarked qualifications in a safe and secure environment where educational excellence thrives

Established in 2008-09 as part of the Aditya Birla Education Trust, The Aditya Birla World Academy (ABWA) commands much respect in India and abroad, through its international curriculum coupled with a solid foundation of values.

Students are offered globally benchmarked qualifications from the Cambridge Assessment International Education and International Baccalaureate focusing on critical thinking and experiential learning. Two unique, challenging and invigorating Pre-University programmes are conducted: The International Baccalaureate Diploma Programme and the Cambridge A Level programme.

PEDAGOGY AND CURRICULUM

- Principal Ms Radhika Sinha believes the school is "a world in miniature", where one receives training for life in an active and joyful way, from learning to take on challenges, think and question, to become independent, responsible citizens.

- To achieve these goals, the school has innovative approaches to teaching and learning. The pedagogy factors in horizontal integration, peer teaching, peer assessments, Socratic seminars, role plays, field trips and visits by guest speakers being experts in their respective areas of specialization. The school has a dedicated SEN team to support students who may be differently-abled, both, academically and emotionally. At ABWA, every child matters. To facilitate the child-centric approach, our teacher-student ratio is 1:6.

- The curriculum balances the essence of Indian culture with an International syllabus contributing to the holistic development of students to become caring, compassionate adults. The overall development and well-being of the child is of prime importance. Talent is nurtured in an environment motivating students to develop a well-rounded personality and rise to their optimal potential.

- At ABWA, the emotional well-being of students, parents and teachers is of prime importance. Through the SELF programme, (Social Emotional Learning Fundamentals) a team of experienced psychologists and counsellors facilitate dialogue with students on life skills. Weekly motivational sessions are conducted for every class, while parents of every class attend interactive workshops in school during the year.

- Professional Development workshops on contemporary pedagogical practices are conducted. Teacher Learning Communities encourage collaboration and sharing of best practices. This is evident in the excellent IGCSE, A Level and IB DP results each year.

TOWARDS HOLISTIC DEVELOPMENT

- A wide range of co-curricular activities helps students pursue their passions in sports, like football, swimming, horse-riding, skating, chess as well as music, dance, pottery, 3D printing, drones, public speaking and debates. Active participation in inter-house and inter-school competitions, MUN and STEM strengthens team spirit.

- Experiential learning, internships for Grade 11 students, overseas summer programmes, student exchange, language immersion, enrichment programmes, Edu tours, and an active parental participation foster a dynamic learning environment enhanced by a value-based education.

- A unique student-initiated annual event is The Happy Place – an inter-school mental health festival for, of and by students. Senior school

FROM THE CHAIRPERSON'S DESK...

"The Aditya Birla World Academy is a safe, secure and happy environment that promotes the holistic development of children, over and above their academic one. The emotional well-being of our students is paramount to us.

And so, we endeavour to cultivate resilience and build character, helping our students develop comprehensive communication skills and effective coping mechanisms. We nurture imagination, creativity and innovation, to bring out the very best in every child and always encourage our students to be 'Authentic to Themselves'."

- Ms Neerja Birla,
Chairperson, The
Aditya Birla World
Academy (ABWA)
